Please note on the back of this sheet comments on any rating lower than 3 PLUS Call me right away after the game so that I can inform the school.

Each time you work for one of the above teams please rate them in the boxes provided in each category. You may work for a team more than once so space is provided to put more than one rating in a box. Be sure to rate each of the four categories for each game.

Rating Criteria:* Officials are support staff such as principal, AD, scorers and timers. Areas to consider are: 1) Relationship and cooperation with the officials before, during and after the game. 2) Bench decorum, 3) Interaction with opponent, 4) Reaction to winning or losing the game.
